

Notice to Patients

Although we try our best, due to the constant changes in Insurance policies and coverage, it is NO LONGER possible for us to interpret each individual policy.

it is YOUR RESPONSIBILITY to know your coverage and to make sure we are contracted with your particular plan.

Please check your coverage for anticipated services before your appointment.

Please remember your insurance coverage and related costs are **between you and your Insurance Company and/or Employer, NOT the Insurance company and the Doctor.**

Because your insurance policy is a confidential agreement between you and your insurance company, we are rarely privileged to know what services are covered.

I have read above and understand.
